

PH121 Homework Grading Rubric

Name _____
Week # _____

Total point value of all completed problems

Score: ____/15 ← 1

Content Quality

Rank each of the items below on this scale:

10 – All problems have this element.

8 – This element is lacking in only a few problems.

5 – This element is lacking in about half of the problems.

3 – Only a few problems have this element.

0 – This element is missing from all problems.

_____ A simple picture of the problem has been created.

_____ All variables with known values have been listed.

_____ The sought-after variable(s) (unknowns) have been listed.

_____ All algebra has been carried out symbolically (without numbers).

_____ Units have been tracked during calculations.

_____ An appropriate amount of space has been allocated for the problem.

_____ Handwriting is neat and legible and the “flow” of your work is well organized so another student can easily follow your thought process.

_____ The final answer, with units, has been boxed.

_____/20 All problems have been done correctly.

Score: ____/100 ← 2

Total score (multiply score 1 by score 2 and divide by 100): ____/15
